# Megan Edge

Master Healer, Author &  
Educator

## Introduction to Intuitive Development

- Have you ever experienced a strong *insight* about a Person or Event without a reason you can name?
- Do you ever just “*Known*” and not known why?

You were born psychic, and a member of a psychic species, with the abilities to sense many things beyond the normal five senses. There are many examples of intuitive knowing that go beyond what can be explained with logic.

Join Megan Edge, Master Healer, author and educator, for an evening of intuitional exploration. Megan will share with you the the language of intuition and help you move past any doubts you may have about your own intuitive abilities.

**Discussion - March 16 @ 7:00pm**

**Workshop - March 18 @ 2:00pm**
