Megan Edge

Master Healer, Author & Educator

- ❧ Wondered how to give an Oracle Card Reading?
- ❧ Would you like to tap into your Higher Self for Guidance?
- ❧ Want a good jumping-off point to explore your own abilities?

Join Megan Edge, author of *The Heart's Journey: Healing Hearts Oracle Cards and Guidebook* at Lobelia's Lair as she shares her story of the creation of *The Heart's Journey* and how to use oracle cards for insight in your day-to-day life, through major transitions and as a meditation tool.

The purpose of Oracle cards is to access your innate knowledge and Higher Self through universal symbols and meanings. The moment you connect with the *intention* to use a deck of Oracle cards, you give your subconscious permission to awaken and share your own inborn knowledge.

Signed copies of *The Heart's Journey* will be available.
